Dear Brother and Sister Lundquist:

I well remember our brief conversation last summer. At the present time it appears we will be well covered in the areas for which you are qualified. Of course, it is hard to know just what the demand will be for private tutorial help in any of these areas, but there is always the possibility that students would be pleased to receive such if it were available.

I would hate for you to base your plans for retirement on this possibility since it would not appear to be a steady source of income.

Doctor Bushnell and Miss Westphal are teaching Spanish. Mr. Aussner is carrying the German and we are inviting Mrs. Lebedoff to teach French for us next year. Her husband is coming to teach in the History Department.

I wish it were possible for me to give you something more definite, but to be perfectly frank, I am not in a position to do that at this time.

I trust things are going well for you at Antillian College. Best wishes to you as you make plans for the coming year.

Sincerely yours,

J. W. Cassell, Jr.

Dean J.W.Cassell,
Southern Missionary College,
Collegedale, Tennessee.

My dear Dean Cassell:

You will doubtless remember that I made you a short visit on the occasion of our return to this institution last August? At that time you asked me to write you early in this year concerning my willingness to serve that institution in the capacity of tutor. Inasmuch as we are now actively engaged in the selection of a place to live, knowing whether or not we could serve you in that capacity would be helpful.

Reviewing our conversation, I might mention that I have four majors; namely, English, Modern and Biblical Languages, Bible, and History, as well as minors in three other fields. I have about 240 hours of academic credit. I have an M.A. from Maryland University in Romance Language, my two languages being French and Spanish.

My principal experience has been in teaching Bible, at Pacific Union College, Southwestern Union College, and Southern Missionary College, as well as at this institution where I am now and in River Plate College and Lima Training School in South America. I should also say that while at S.M.C., I taught U.S. History, History of the South, Denominational History also. But my specialty which I have taught for a total of about ten years is Greek, first and second year, as well as Latin. Have also work in German and, of course, Spanish, and French.

Should there be any call for my services there at that institution, I would prefer it be credit bearing or, in other words, be done at your request. I know that that would be the preferable way, for unauthorized tutors might conceivably do more harm than good.

It is not absolutely certain that we shall be returning this summer, but very likely. I shall know in a short time, but meanwhile, I would like to hear from you.

Brethren Fleming and Rees know me and have worked with me as well as Doctor Kennedy, Mrs. Dean, Doctor Kuhlman, Doctor Christensen, Doctor Hefferlin, and others.

I assure you that the thought of still being useful to our dear S.M.C. thrills our hearts.

Yours sincerely

H.B. Grace Lundquist
